

# Grand Rapids Energy Assistance Program

With support from the Wege Foundation, the Grand Rapids 2030 District and partners are providing a unique opportunity for businesses in Grand Rapids to lower their monthly utility costs.

## Apply Now

This program will provide an energy benchmark and a building energy assessment to uncover systems and/or processes that are increasing your energy bills, **at no cost to your business**. A team of experts will work with you to develop a strategic plan and connect you with resources that will increase the profit from energy efficiency upgrades.

Apply at [www.migbc.org/eap](http://www.migbc.org/eap) to be considered for this program. A limited number of buildings will be accepted based on available funding.

"Supermercado Mexico took advantage of the audit because energy savings are always a good investment. We've already saved more than 25% in energy, equivalent to \$30,000 per year, since the start of the audit through the Grand Rapids 2030 District. Plus, it's a good thing for our community!"

- Javier Olvera,  
Supermercado Mexico
